

## Data Recovery Service

### Your data is priceless. We'll protect it.

Important documents, presentations or graphics are essential for your business and therefore deserve the very best protection especially when your workforce is mobile. Whether an unexpected drop, power surge, virus or user error, unforeseen events can quickly lead to problems that affect data integrity or result in data loss.

The Toshiba Data Recovery Service gives you a way to manage these risks and avoid high costs if not insured upfront. Whatever happens, you can be sure that everything will be done to recover your most important data.

Upon successful recovery, Toshiba returns your data on a brand-new Toshiba hard disk drive to get your workforce back working in no time.

#### Service Specifications

|                     |   |

#### Service On Demand

In the event you have lost your data and you are not protected with a Toshiba Data Recovery Service or if your warranty is already expired, Toshiba also offers a Data Recovery Service On Demand \*2 (DRS100EU-V). By using this service your data will be recovered by professional engineers who are specialized in Toshiba products.

The Data Recovery On Demand Service is available in Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Hungary, Ireland, Italy, Netherlands, Norway, Poland, Portugal, Slovakia, Spain, Sweden, Turkey and the United Kingdom and is only available in the country where it was purchased. After purchase, the service is valid for 90 days.

\*1 The success of a data recovery can never be guaranteed. Only once the according processes have been concluded, Toshiba will be able to confirm you exactly if and what information can be recovered from your hard drive. Please note also that the recovery process does not restore Software.

\*2 If you have purchased a Data Recovery On Demand Service and the recovery of the data is not possible, you will be notified by email and the purchase price, excluding handling fee, will be refunded.
